## DAHLIA SEED

I make a specialty of Dahlia Seed, gathered from a select collection of the world's best Dahlias, planted separate and apart from my general collection for seed purposes.

Our long-growing season and rainless summers make it possible to fully mature and ripen even our full Decorative varieties on the bush—something extremely difficult in sections where it is raining during the time seed should set.

Seed, per package, (about 100 seed) \$1.00
